

APPRECIATION WEEK

Dear SBCA Parents & Guardians,

This week is dedicated to teacher appreciation. As you know, educators leave an impact on students in some way or another. It is clear that our students will remember this grade level for the rest of their lives. I want them to think of this experience as a positive one, knowing that even though we were apart, we were still very much connected. This is all possible because of the love and commitment of their teachers. I would like to take the time to thank our teachers for all of their hard work and dedication to our students. This week, we will be having some activities that we would like the students to take part of as a celebration of teacher appreciation week.

For the next few days, we have come up with some ideas on how we can celebrate the SBCA teachers:

Wednesday- The words thank you can go a long way, students can write a thank you note to their teacher and post it on Google classroom or Clasdojo.

Thursday- teachers help our students bloom, have the students draw a flower they will share with their teacher virtually.

Friday- teachers and students both like to have classroom celebrations, what better way to end the week, then having a snack together during the morning zoom meeting.

As always thank you for your support.

Mrs Gonzalez
